14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.) - CONTINUATION

Clarifications: Aircraft permits are issued to the Program, not in the name of the Contractor, and are based on private, not commercial activities. There is no extension to the estimated use period (three months) for the sixth dispersal aircraft at the initiation of the contract in Panama.

Changes: The Program will provide a disperser for operation of the Contractor-furnished equipment (CFE), if authorized for use. 2. The Program will provide maintenance and office space, with utilities, in Panama. 3. All contract aircraft to be reserved for exclusive use for the Program, unless otherwise authorized by the Contracting Officer. Such authorization will be granted on a case-by-case basis. 4. Two dispersal aircraft are required for the Jamaica operation, one or both of which can be dual purpose (transport and dispersal). Alternatively, aircraft used for transporting pupae to Panama could also be used to transport pupae to Jamaica. 5. The Contractor will be responsible for loading and properly securing the containment equipment within the aircraft. The Program will provide personnel and loading equipment to assist the Contractor in this operation. 6. Unless otherwise stated on the flight schedule form (FO-3), dispersal will be conducted at 165 knots per hour.
